

## Objective

To work for an agency where I have an integral role in creating innovative interactive experiences as part of larger campaigns. Whether that's in the form of a banner campaign or a microsite, I thrive in situations where I can express my own point of view, while also contributing and learning from other creative professionals.

## Experience

- 03/2008 - Present **Attik** Interactive Designer  
Conceptualized and designed interactive experiences as part of integrated campaigns for large brands. I was responsible for creating an overall look and feel for banners, microsites and widgets for social networks. I also Art Directed other designers and provided motion comps to developers for proper integration.
